

# How Lava-Shield™ works

**PURGE  
SMART™**

## Clear Non-Stick Protective Coating ☞

Save your valuable plastic  
purges from contamination  
by paper or foreign matter.

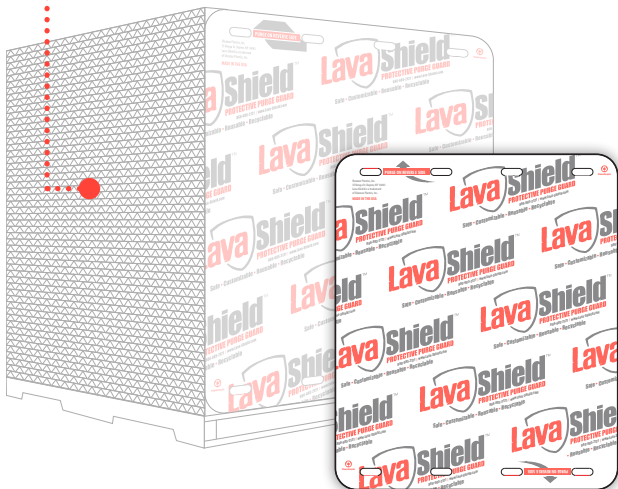

## Safe Heat Dissipation ☞☞☞

Designed with plastic  
processors in mind.  
Safe for your personnel,  
equipment, plant and  
environment.

## Available as:

- 150 Count "Full Brick"
- 75 Count "Half Brick"

## Customizable

Designed to fit every  
plastic purging  
application.

## Recyclable

Naturally safe to recycle  
with other paper.

## Reusable

Save money and  
conserve resources  
by reusing each  
Lava-Shield up to  
5 times.
